- Scientific Article

## Subject Index

### a

- abdominal aortic aneurysm (*tip*), October, p. 238
- abdominal pain, chronic, in children (*tip*), July, p. 208
- abscess drainage, percutaneous (*tip*), September, p. 214
- abuse
  - child, experts probe proper diagnosis of (*news*), November, p. 257
  - elder, \*August, p. 107
  - sexual, of children (*ed*), December, p. 94
- abused infants, head injury in (*tip*), October, p. 253
- adolescents
  - seizures in (*tip*), September, p. 206
  - syncope in, \*November, p. 117
- adrenocortical carcinoma (*tip*), November, p. 246
- age-related changes in smell (*tip*), September, p. 221
- agoraphobia, \*July, p. 165
- AIDS, intracranial lesions in (*tip*), September, p. 206
- AIDS antibody tests effectively screen blood supply (*news*), October, p. 274
- AIDS epidemiology and drug treatment, investigators study (*news*), December, p. 206
- air gun injury in children (*tip*), September, p. 228
- airway lesions, upper, after caustic substance ingestion (*tip*), November, p. 240
- airway obstruction, upper, acute and subacute, \*November, p. 169
- albumin, urinary, in kidney donors (*tip*), November, p. 245
- alcoholics, television-induced seizures in (*tip*), August, p. 209
- alcohol-induced urticaria (*tip*), December, p. 180
- allergies in infants, prenatal dietary changes may reduce (*med*), October, p. 216
- Alzheimer-type dementia, pharmacologic management of, \*July, p. 123
- amenorrhea, galactorrhea, treatment of, \*December, p. 121
- aminopyrine breath test has prognostic value in cirrhosis (*med*), November, p. 208
- anabolic steroids, use of, by athletes, \*October, p. 208
- androgen receptors in breast cancer (*tip*), September, p. 224
- anemia, pernicious, hair and fingernail changes in (*tip*), November, p. 232
- anesthesia, cardiac arrest due to (*tip*), December, p. 177
- aneurysm, abdominal aortic (*tip*), October, p. 238
- angina pectoris, unstable, coronary bypass surgery for (*tip*), November, p. 220
- angiodysplasia, colonic, and blood loss, \*September, p. 93
- angiography, radionuclide thyroid (*tip*), August, p. 185
- angioplasty
  - coronary: current concepts, \*August, p. 145
  - percutaneous, for pulmonary artery stenosis (*tip*), October, p. 264
- angiotensin-converting enzyme activity (*tip*), December, p. 197
- antihypertensive agent, verapamil shows promise as (*med*), August, p. 177
- antiulcer drug, misoprostol shows promise as effective (*med*), September, p. 193
- aortic aneurysm, abdominal (*tip*), October, p. 238
- aortic coarctation, nonsurgical management of (*tip*), August, p. 208
- aphthous stomatitis, recurrent, \*August, p. 99
- apnea
  - sleep, obstructive, asymptomatic snorers may also suffer from (*news*), December, p. 204
  - sleep, syndrome, \*September, p. 149
- appendicitis in elderly patients is diagnostic challenge (*med*), November, p. 207
- ARDS, flurazepam-induced (*tip*), October, p. 253
- arrhythmias
  - and mitral valve prolapse (*tip*), September, p. 216
  - ventricular, in children with mitral prolapse (*tip*), August, p. 192
- arthritis survey highlights problems with drug therapy (*news*), July, p. 216
- asbestos, toxicology of, \*November, p. 201
- asbestos exposure, mesothelioma from (*tip*), July, p. 199
- ascites, tense, therapeutic paracentesis for (*tip*), November, p. 248
- asthma and the weather (*tip*), December, p. 198
- athletes
  - sudden death in (*tip*), November, p. 225

  - sleep, obstructive, asymptomatic snorers may also suffer from (*news*), December, p. 204
  - sleep, syndrome, \*September, p. 149
- appendicitis in elderly patients is diagnostic challenge (*med*), November, p. 207
- ARDS, flurazepam-induced (*tip*), October, p. 253
- arrhythmias
  - and mitral valve prolapse (*tip*), September, p. 216
  - ventricular, in children with mitral prolapse (*tip*), August, p. 192
- arthritis survey highlights problems with drug therapy (*news*), July, p. 216
- asbestos, toxicology of, \*November, p. 201
- asbestos exposure, mesothelioma from (*tip*), July, p. 199
- ascites, tense, therapeutic paracentesis for (*tip*), November, p. 248
- asthma and the weather (*tip*), December, p. 198
- athletes
  - sudden death in (*tip*), November, p. 225

- use of anabolic steroids by, \*October, p. 208
- atrial myxoma, treatment of (*tip*), August, p. 184
- Augmentin® is effective in pediatric pneumonia (*med*), August, p. 177

## b

- bacteremia
  - anterior thigh pain in (*tip*), December, p. 196
  - enterococcal, in surgical patients (*tip*), October, p. 273
- biliary strictures, percutaneous balloon dilation of (*tip*), October, p. 254
- biopsy
  - outpatient, of nonpalpable breast lesions (*tip*), July, p. 202
  - transthoracic needle, of the lung (*tip*), August, p. 206
- birth-related brain disorders, causes of, remain unclear to NIH experts (*news*), August, p. 233
- bites, nondomestic mammalian, \*November, p. 137
- blood loss, colonic angiodysplasia and, \*September, p. 93
- blood pressure monitoring in normotensive men (*tip*), October, p. 242
- bowel preparation, preoperative, with whole gut irrigation (*tip*), December, p. 191
- brain disorders, birth-related, causes of, remain unclear to NIH experts (*news*), August, p. 233
- brain injury, changes in sexual behavior may indicate (*med*), July, p. 184
- brain metastases, detecting, in work-up for lung cancer (*tip*), August, p. 217
- brain tumor patients, expert outlines clinical presentation of (*news*), July, p. 215
- breast cancer, androgen receptors in (*tip*), September, p. 224

- breast cancer therapy, ACS recommends a varied approach to (*news*), October, p. 277
- breast feeding, duration of (*tip*), December, p. 191
- breast irradiation, late complications of (*tip*), August, p. 200
- breast lesions, nonpalpable, outpatient biopsy of (*tip*), July, p. 202
- breast lumps, detection of (*tip*), December, p. 196
- breast screening with mammography (*tip*), November, p. 256
- bronchioloalveolar carcinoma, \*December, p. 149
- bronchitis, plastic (*tip*), August, p. 193
- bronchoscopy, fiberoptic, for hemoptysis (*tip*), October, p. 223
- bronchospasm, exercise-induced (*tip*), October, p. 261
- bronchus, tracheal (*tip*), December, p. 178
- buccal administration of morphine (*tip*), September, p. 216
- burns, hydrofluoric acid, calcium infusion is effective in (*med*), October, p. 215
- bypass grafting, coronary artery, early morbidity after (*tip*), November, p. 234
- bypass surgery, coronary, for unstable angina pectoris (*tip*), November, p. 220

## c

- calcification, Foley catheter, \*July, p. 131
- calcium infusion is effective in hydrofluoric acid burns (*med*), October, p. 215
- cancer
  - breast, androgen receptors in (*tip*), September, p. 224
  - colorectal, detection of, by fiberoptic sigmoidoscopy (*tip*), September, p. 212
  - gastric, 5-FU and methyl-CCNU for (*tip*), November, p. 225
  - head and neck, hormone receptors in (*tip*), August, p. 209

- hepatic, intra-arterial chemotherapy for (*tip*), October, p. 219
- lung, chest wall invasion by (*tip*), November, p. 216
- lung, COPD may increase susceptibility to (*med*), July, p. 183
- lung, detecting brain metastases in work-up for (*tip*), August, p. 217
- lung, treatment of (*tip*), December, p. 185
- ovarian, advanced, new regimen may improve outcome in (*med*), August, p. 176
- ovarian, chemotherapy for (*tip*), December, p. 184
- ovarian, second-effort resection for (*tip*), July, p. 199
- pancreatic, intra-abdominal spread of (*tip*), October, p. 246
- pancreatic, staging, laparoscopy is valuable in (*med*), September, p. 193
- pharyngeal wall (*tip*), August, p. 199
- prostatic, early detection of (*tip*), July, p. 206
- cancer chemotherapy, toxicity and timing of (*tip*), December, p. 197
- cancer screening, physicians' attitudes toward (*ed*), October, p. 102
- cancer therapy, breast, ACS recommends a varied approach to (*news*), October, p. 277
- candidiasis, laryngeal (*tip*), September, p. 201
- CAPD, complications of (*tip*), September, p. 202
- carcinoma
  - adrenocortical (*tip*), November, p. 246
  - bronchioloalveolar, \*December, p. 149
  - colorectal, resection of hepatic metastases from (*tip*), October, p. 260
- cardiac arrest due to anesthesia (*tip*), December, p. 177
- cardiomyopathy, congestive, prognostic factors in (*tip*), August, p. 217

- carotid artery, ultrasound imaging of (*tip*), October, p. 232
- carotid bifurcation plaques, nonstenotic, significance of, \*October, p. 117
- carpal tunnel syndrome in Graves' disease (*tip*), November, p. 218
- catheter: calcification, Foley, \*July, p. 131
- catheter-induced lesions of the heart (*tip*), November, p. 211
- caustic substance ingestion, upper airway lesions after (*tip*), November, p. 240
- celiac disease, pericarditis and (*tip*), September, p. 201
- cervical spine trauma
- lower, \*August, p. 137
  - upper, \*July, p. 113
- cesarean section, vaginal delivery after (*ed*), September, p. 90
- charcoal, activated, does not impair emetic effects of ipecac (*med*), October, p. 215
- chemotherapy
- cancer, toxicity and timing of (*tip*), December, p. 197
  - intra-arterial, for hepatic cancer (*tip*), October, p. 219
  - for ovarian cancer (*tip*), December, p. 184
  - vomiting before (*tip*), December, p. 201
- chest wall invasion by lung cancer (*tip*), November, p. 216
- chickenpox, complications of (*tip*), August, p. 208
- child abuse, experts probe proper diagnosis of (*news*), November, p. 257
- childhood, common dermatoses of, \*October, p. 186
- childhood infections and iron deficiency (*tip*), August, p. 195
- children
- adverse drug reactions in (*tip*), October, p. 261
  - air gun injury in (*tip*), September, p. 228
  - chronic abdominal pain in (*tip*), July, p. 208
  - chronic constipation in (*tip*), August, p. 184
  - leukemic, mycotic lymphadenitis in (*tip*), October, p. 232
  - with mitral prolapse, ventricular arrhythmias in (*tip*), August, p. 192
  - moped-related injuries in (*tip*), August, p. 213
  - once-daily theophylline appears safe in (*med*), December, p. 172
  - persistent lower respiratory disease in, \*September, p. 131
  - prevention of traumatic death in (*tip*), November, p. 230
  - sexual abuse of (*ed*), December, p. 94
  - television's impact on (*tip*), September, p. 210
- cholecystitis, acute, after surgery (*tip*), August, p. 203
- chylothorax, management of (*tip*), July, p. 187
- cigarette smoking as a cause of hyponatremia (*tip*), August, p. 216
- cirrhosis, aminopyrine breath test has prognostic value in (*med*), November, p. 208
- clonidine
- shows promise as treatment for diabetic diarrhea (*med*), December, p. 173
  - smoking withdrawal and (*tip*), August, p. 186
- clorazepate may promote alertness instead of drowsiness (*med*), August, p. 177
- coarctation, aortic, nonsurgical management of (*tip*), August, p. 208
- cocaine withdrawal, infertility drug shows promise as treatment for (*news*), August, p. 232
- cognitive dysfunction, heavy snoring is associated with (*med*), July, p. 183
- colitis, ulcerative, and sensorineural hearing loss (*tip*), September, p. 221
- colonic angiodysplasia and blood loss, \*September, p. 93
- colonic pseudo-obstruction in surgical patients (*tip*), October, p. 258
- colorectal cancer, detection of, by fiberoptic sigmoidoscopy (*tip*), September, p. 212
- colorectal carcinoma, resection of hepatic metastases from (*tip*), October, p. 260
- coma, hyperosmolar nonketotic diabetic, \*August, p. 119
- constipation, chronic, in children (*tip*), August, p. 184
- contraceptives, oral, managing patients on, \*August, p. 154
- COPD may increase susceptibility to lung cancer (*med*), July, p. 183
- coronary angioplasty: current concepts, \*August, p. 145
- coronary artery bypass grafting, early morbidity after (*tip*), November, p. 234
- coronary bypass surgery for unstable angina pectoris (*tip*), November, p. 220
- correction fluid, typewriter, death caused by inhalation of (*tip*), November, p. 211
- corticosteroids in treatment of toxic shock syndrome (*tip*), August, p. 220
- cough
- chronic, inhaled lidocaine for (*tip*), August, p. 213
  - chronic, may be due to gastroesophageal reflux (*med*), November, p. 208
- CSF endorphin levels may identify risk of SIDS (*med*), July, p. 184
- CSF shunt procedures, infection after (*tip*), July, p. 200
- CT
- for detection of occult pneumothorax (*tip*), August, p. 186
  - endoscopy and, are useful in diagnosing recurrent sinusitis (*news*), November, p. 264
- Cushing's disease, hypophysectomy for (*tip*), December, p. 194
- cyclosporin in kidney transplantation, efficacy of (*tip*), August, p. 202
- cysts, popliteal, \*December, p. 139

## d

- dementia, Alzheimer-type, pharmacologic management of, \*July, p. 123
- depressive symptoms, subclinical hypothyroidism may underlie (*med*), August, p. 176
- dermatoses, common, of childhood, \*October, p. 186
- desmopressin is useful in hemophilia and von Willebrand's disease (*med*), October, p. 215
- dextromethorphan may relieve pain of irritable bowel syndrome (*med*), September, p. 193
- diabetes, exercise and, \*October, p. 105
- diabetic diarrhea, clonidine shows promise as treatment for (*med*), December, p. 173
- diabetics, limited joint mobility in (*tip*), October, p. 227; (*tip*), November, p. 248
- dialysis
  - peritoneal, continuous ambulatory (*tip*), December, p. 189
  - peritoneal, eosinophilia in patients on (*tip*), October, p. 244
- diaphragm use and urinary tract infection (*tip*), December, p. 190
- diarrhea
  - diabetic, clonidine shows promise as treatment for (*med*), December, p. 173
  - traveler's (*ed*), November, p. 100
- diet, nutrition expert advises weight reduction and more fish oils in (*news*), November, p. 264
- dietary changes, prenatal, may reduce allergies in infants (*med*), October, p. 216
- digoxin may be useful in treatment of variceal bleeding (*med*), December, p. 172
- diverticulum, Meckel's, complications of (*tip*), October, p. 244
- 'drowning, secondary,' after saltwater immersion is unusual (*med*), November, p. 207

## e

- elder abuse, \*August, p. 107
- elderly
  - placement decisions in, \*October, p. 147
  - urinary incontinence in, \*November, p. 182
- elderly patients, appendicitis in, is diagnostic challenge (*med*), November, p. 207
- emboli, pulmonary, urokinase for (*tip*), July, p. 208
- embolism, pulmonary, diagnosis of (*tip*), July, p. 202
- endometriosis, intestinal (*tip*), July, p. 194
- endorphin levels, CSF, may identify risk of SIDS (*med*), July, p. 184
- endoscopy and CT are useful in diagnosing recurrent sinusitis (*news*), November, p. 264
- enteral nutrition in malnourished patients (*tip*), December, p. 184
- enterococcal bacteremia in surgical patients (*tip*), October, p. 273
- enzyme activity, angiotensin-converting (*tip*), December, p. 197
- eosinophilia in patients on peritoneal dialysis (*tip*), October, p. 244
- epiglottitis, acute (*tip*), October, p. 227
- esophageal varices, sclerotherapy for (*tip*), October, p. 220
- exercise and diabetes, \*October, p. 105
- exercise-induced bronchospasm (*tip*), October, p. 261

## f

- failure to thrive, nonorganic (*tip*), November, p. 218
- family factors and schizophrenia (*ed*), August, p. 92
- fecal occult blood and NSAIDs (*tip*), July, p. 206
- femoropopliteal revascularization (*tip*), July, p. 190
- fever without a focus, \*July, p. 138
- fiberoptic bronchoscopy for hemoptysis (*tip*), October, p. 223

- fibromyalgia, primary, \*September, p. 170
- finger nail, hair and, changes in pernicious anemia (*tip*), November, p. 232
- fish oils in diet, more, nutrition expert advises weight reduction and (*news*), November, p. 264
- flurazepam-induced ARDS (*tip*), October, p. 253

## g

- galactorrhea-amenorrhea, treatment of, \*December, p. 121
- galactorrhea in thyrotoxic women (*tip*), August, p. 203
- gallbladder disease in pregnancy, \*July, p. 147
- gallbladder wall thickening in preeclampsia (*tip*), October, p. 248
- gallium scanning for peritoneal mesothelioma (*tip*), November, p. 236
- gastric balloon helps morbidly obese patients (*med*), December, p. 173
- gastric cancer, 5-FU and methyl-CCNU for (*tip*), November, p. 225
- gastrinoma (*tip*), September, p. 209
- gastroesophageal reflux, chronic cough may be due to (*med*), November, p. 208
- gastrointestinal bleeding
  - changing patterns of (*tip*), November, p. 232
  - after renal transplantation (*tip*), August, p. 214
  - upper, risks of surgery for (*tip*), December, p. 183
- genetic counseling for sickle cell trait (*tip*), November, p. 248
- genital herpes
  - incidence of (*tip*), November, p. 240
  - recurrent, sites of multiple lesions in, \*November, p. 145
- giardiasis, management of, \*November, p. 157
- gonococcal infections (*tip*), November, p. 212

Graves' disease, carpal tunnel syndrome in (*tip*), November, p. 218

## h

hair and fingernail changes in pernicious anemia (*tip*), November, p. 232

head injury in abused infants (*tip*), October, p. 253

head and neck cancer, hormone receptors in (*tip*), August, p. 209

health advice for the international traveler, \*December, p. 165

hearing impairment, early recognition of (*tip*), August, p. 180

hearing loss, sensorineural, ulcerative colitis and (*tip*), September, p. 221

heart, catheter-induced lesions of (*tip*), November, p. 211

heel sticks, use of pacifiers during (*tip*), August, p. 224

helminthic diseases, treatment of, \*September, p. 182

hematospemia, \*October, p. 167

hemophilia and von Willebrand's disease, desmopressin is useful in (*med*), October, p. 215

*Hemophilus influenzae* infection (*tip*), October, p. 266

hemoptysis, fiberoptic bronchoscopy for (*tip*), October, p. 223

hepatic cancer, intra-arterial chemotherapy for (*tip*), October, p. 219

hepatic failure caused by HSV-2 infection (*tip*), December, p. 196

hepatic metastases from colorectal cancer, resection of (*tip*), October, p. 260

hepatitis B infection, risk of, in rural hospital employees (*tip*), August, p. 207

herpes

- genital, incidence of (*tip*), November, p. 240
- recurrent genital, sites of multiple lesions in, \*November, p. 145

herpes vaccine blocks recurrent infection in animal experiments (*news*), September, p. 238

histamine H<sub>2</sub> antagonists and the nervous system, \*December, p. 109

hoarseness induced by hydralazine (*tip*), August, p. 216

hormone receptors in head and neck cancer (*tip*), August, p. 209

hospital employees, rural, risk of hepatitis B infection in (*tip*), August, p. 207

HSV-2 infection, hepatic failure caused by (*tip*), December, p. 196

HTLV-III infection, natural history of, is studied (*med*), August, p. 176

hydralazine, hoarseness induced by (*tip*), August, p. 216

hydrofluoric acid burns, calcium infusion is effective in (*med*), October, p. 215

hyperbaric oxygen, retinopathy from irradiation and (*tip*), September, p. 210

hyperbilirubinemic infants, auditory brainstem responses in (*tip*), August, p. 193

hyperosmolar nonketotic diabetic coma, \*August, p. 119

hypertension, current management of, \*December, p. 129

hypertension management, verapamil is useful in (*med*), September, p. 193

hypertensive emergencies, \*July, p. 97

hyponatremia, cigarette smoking as a cause of (*tip*), August, p. 216

hypophysectomy for Cushing's disease (*tip*), December, p. 194

hypothyroidism, subclinical, may underlie depressive symptoms (*med*), August, p. 176

hypotonia, diagnostic imaging in infants with (*tip*), November, p. 236

## i

illness, unexplained: the mind/body dilemma (*ed*), August, p. 94

incontinence, urinary, in the elderly, \*November, p. 182

indoor tanning, harmful effects of, \*September, p. 142

## infants

- abused, head injury in (*tip*), October, p. 253
- hyperbilirubinemic, auditory brainstem responses in (*tip*), August, p. 193
- with hypotonia, diagnostic imaging in (*tip*), November, p. 236
- microwave scald injury in (*tip*), September, p. 202
- oral rehydration solutions for (*tip*), August, p. 194
- prenatal dietary changes may reduce allergies in (*med*), October, p. 216

infertility drug shows promise as treatment for cocaine withdrawal (*news*), August, p. 232

inhalation of typewriter correction fluid, death caused by (*tip*), November, p. 211

intestinal endometriosis (*tip*), July, p. 194

intra-abdominal spread of pancreatic cancer (*tip*), October, p. 246

intracranial lesions in AIDS (*tip*), September, p. 206

ipecac, activated charcoal does not impair emetic effects of (*med*), October, p. 215

iron deficiency, childhood infections and (*tip*), August, p. 195

irradiation

- breast, late complications of (*tip*), August, p. 200
- and hyperbaric oxygen, retinopathy from (*tip*), September, p. 210

irritable bowel syndrome, dextromethorphan may relieve pain of (*med*), September, p. 193

isoproterenol, aerosolized terbutaline may be superior to (*med*), September, p. 196

## j

joint mobility, limited, in diabetics (*tip*), October, p. 227; (*tip*), November, p. 248

# k

kidney donors, urinary albumin in (*tip*), November, p. 245  
 kidney transplantation, efficacy of cyclosporin in (*tip*), August, p. 202

# l

lactose-intolerant patients, yogurt is beneficial in (*med*), December, p. 173  
 laparoscopy is valuable in pancreatic cancer staging (*med*), September, p. 193  
 laryngeal candidiasis (*tip*), September, p. 201  
 lead poisoning, adult, \*October, p. 137  
 leukemia/lymphoma syndrome, human T-cell, \*July, p. 155  
 leukemic children, mycotic lymphadenitis in (*tip*), October, p. 232  
 lidocaine, inhaled, for chronic cough (*tip*), August, p. 213  
 lightning injury (*tip*), September, p. 214  
 lipomas, differentiation of, from thyroid nodules (*tip*), November, p. 220  
 lipomatous replacement of the pancreas (*tip*), November, p. 228  
 liver regeneration, inhibition of, by ranitidine (*tip*), October, p. 266  
 lung(s)  
   —smoking causes suppression of natural killer cells in (*med*), July, p. 183  
   —trans thoracic needle biopsy of (*tip*), August, p. 206  
 lung cancer  
   —chest wall invasion by (*tip*), November, p. 216  
   —COPD may increase susceptibility to (*med*), July, p. 183  
   —detecting brain metastases in work-up for (*tip*), August, p. 217  
   —treatment of (*tip*), December, p. 185

lupus erythematosus, systemic, induced by quinidine (*tip*), November, p. 234  
 lymphadenitis, mycotic, in leukemic children (*tip*), October, p. 232

# m

malnourished patients, enteral nutrition in (*tip*), December, p. 184  
 mammalian bites, nondomestic, \*November, p. 137  
 mammography, breast screening with (*tip*), November, p. 256  
 Meckel's diverticulum, complications of (*tip*), October, p. 244  
 medical care at public events, study reveals some inadequacies of (*med*), November, p. 207  
 melanoma, large study discloses four cardinal features of (*med*), December, p. 172  
 melanoma incidence, ACS statistics show alarming rise in (*news*), August, p. 236  
 mesothelioma, peritoneal, gallium scanning for (*tip*), November, p. 236  
 mesothelioma from asbestos exposure (*tip*), July, p. 199  
 methyl-CCNU, 5-FU and, for gastric cancer (*tip*), November, p. 225  
 microwave scald injury in infants (*tip*), September, p. 202  
 micturition syncope (*tip*), October, p. 238  
 mind/body dilemma: unexplained illness (*ed*), August, p. 94  
 misoprostol shows promise as effective antiulcer drug (*med*), September, p. 193  
 mitral prolapse, ventricular arrhythmias in children with (*tip*), August, p. 192  
 mitral regurgitation, acute (*tip*), October, p. 231  
 mitral valve prolapse, arrhythmias and (*tip*), September, p. 216  
 mononucleosis, infectious, diagnosing, \*October, p. 129  
 moped-related injuries in children (*tip*), August, p. 213

morphine, buccal administration of (*tip*), September, p. 216  
 moxalactam, pulmonary disposition of (*tip*), August, p. 195  
 multiple sclerosis  
   —part I. common physical disabilities and rehabilitation, \*October, p. 157  
   —part II. common functional problems and rehabilitation, \*November, p. 127  
 myasthenia gravis, ptosis of, can be diagnosed with ice (*med*), July, p. 184  
 myositis ossificans, \*September, p. 127  
 myxedema, altered skin elastic fibers in patients with (*tip*), October, p. 242  
 myxoma, atrial, treatment of (*tip*), August, p. 184

# n

neonatal sepsis, \*August, p. 129  
 nervous system, histamine H<sub>2</sub> antagonists and, \*December, p. 109  
 newborns, early discharge of (*tip*), July, p. 209  
 nicotine gum (*tip*), July, p. 187  
 normotensive men, blood pressure monitoring in (*tip*), October, p. 242  
 nosocomial infection (*tip*), October, p. 258  
 NSAID use may result in development of peptic ulcer lesions (*news*), October, p. 275  
 NSAIDs, fecal occult blood and (*tip*), July, p. 206  
 nutrition  
   —enteral, in malnourished patients (*tip*), December, p. 184  
   —total parenteral, complications of (*tip*), August, p. 180  
 nutritional pharmacology, \*August, p. 171

# O

obese patients, morbidly, gastric balloon helps (*med*), December, p. 173

ocular allergy (*tip*), November, p. 228  
 office laboratory panel to assess vaginal problems, \*September, p. 113  
 office workers may suffer from 'sick building syndrome' (*med*), October, p. 216  
 oral contraceptives, managing patients on, \*August, p. 154  
 oral rehydration solutions for infants (*tip*), August, p. 194  
 oral rehydration therapy (*tip*), October, p. 241  
 osteoporosis  
 —\*November, p. 107  
 —drug therapy for, \*July, p. 177  
 ovarian cancer  
 —advanced, new regimen may improve outcome in (*med*), August, p. 176  
 —chemotherapy for (*tip*), December, p. 184  
 —second-effort resection for (*tip*), July, p. 199

## P

pacifiers, use of, during heel sticks (*tip*), August, p. 224  
 pancreas, lipomatous replacement of (*tip*), November, p. 228  
 pancreatic cancer, intra-abdominal spread of (*tip*), October, p. 246  
 pancreatic cancer staging, laparoscopy is valuable in (*med*), September, p. 193  
 Pap smear guidelines (*ed*), July, p. 90  
 paracentesis, therapeutic, for tense ascites (*tip*), November, p. 248  
 parenteral nutrition, total, complications of (*tip*), August, p. 180  
 passive smoking and respiratory illness (*tip*), November, p. 245  
 patients' therapeutic preferences (*tip*), August, p. 200  
 PCP intoxication, management of, \*December, p. 115  
 peptic ulcer lesions, NSAID use may result in development of (*news*), October, p. 275  
 percutaneous abscess drainage (*tip*), September, p. 214  
 percutaneous angioplasty for pulmonary artery stenosis (*tip*), October, p. 264  
 percutaneous balloon dilation of biliary strictures (*tip*), October, p. 254  
 pericarditis  
 —and celiac disease (*tip*), September, p. 201  
 —constrictive, radiation-induced (*tip*), December, p. 179  
 peritoneal dialysis  
 —continuous ambulatory (*tip*), December, p. 189  
 —eosinophilia in patients on (*tip*), October, p. 244  
 peritoneal mesothelioma, gallium scanning for (*tip*), November, p. 236  
 pharyngeal wall cancer (*tip*), August, p. 199  
 pharyngoesophageal dysfunction (*tip*), December, p. 180  
 placement decisions in the elderly, \*October, p. 147  
 plaques, nonstenotic carotid bifurcation, significance of, \*October, p. 117  
 plastic bronchitis (*tip*), August, p. 193  
 pneumatosis cystoides intestinalis, \*October, p. 113  
 pneumonia, pediatric, Augmentin® is effective in (*med*), August, p. 177  
 pneumothorax, occult, CT for detection of (*tip*), August, p. 186  
 poisoning  
 —accidental, away from home (*tip*), August, p. 214  
 —lead, adult, \*October, p. 137  
 popliteal cysts, \*December, p. 139  
 post-thrombotic syndrome (*tip*), December, p. 177  
 preeclampsia, gallbladder wall thickening in (*tip*), October, p. 248  
 pregnancy, gallbladder disease in, \*July, p. 147  
 primary fibromyalgia, \*September, p. 170  
 propoxyphene dependence and withdrawal, \*September, p. 105  
 prostatic cancer, early detection of (*tip*), July, p. 206

protein deficiency in spherocytosis patients, investigators identify (*news*), September, p. 236  
 proteins, acute-phase, in trauma and sepsis (*tip*), October, p. 226  
 pseudodementia, recognition of, \*October, p. 175  
 pseudo-obstruction, colonic, in surgical patients (*tip*), October, p. 258  
 ptosis of myasthenia gravis can be diagnosed with ice (*med*), July, p. 184  
 pulmonary artery stenosis, percutaneous angioplasty for (*tip*), October, p. 264  
 pulmonary disposition of moxalactam (*tip*), August, p. 195  
 pulmonary emboli, urokinase for (*tip*), July, p. 208  
 pulmonary embolism, diagnosis of (*tip*), July, p. 202

## Q

quinidine, systemic lupus erythematosus induced by (*tip*), November, p. 234

## R

radiation-induced constrictive pericarditis (*tip*), December, p. 179  
 radiocontrast media, renal toxicity from (*tip*), July, p. 190  
 radionuclide thyroid angiography (*tip*), August, p. 185  
 ranitidine, inhibition of liver regeneration by (*tip*), October, p. 266  
 rehabilitation  
 —multiple sclerosis: part I. common physical disabilities and, \*October, p. 157  
 —multiple sclerosis: part II. common functional problems and, \*November, p. 127  
 —speech, procedure (*tip*), October, p. 254  
 —after stroke (*tip*), December, p. 178

rehydration solutions, oral, for infants (*tip*), August, p. 194  
 rehydration therapy, oral (*tip*), October, p. 241  
 renal toxicity from radiocontrast media (*tip*), July, p. 190  
 renal transplantation, gastrointestinal bleeding after (*tip*), August, p. 214  
 respiratory disease, persistent lower, in children, \*September, p. 131  
 respiratory illness, passive smoking and (*tip*), November, p. 245  
 retinopathy from irradiation and hyperbaric oxygen (*tip*), September, p. 210  
 revascularization, femoropopliteal (*tip*), July, p. 190  
 Rh immune globulin, recommendations for prophylaxis with (*tip*), October, p. 223  
 rhabdomyolysis as a complication of tularemia (*tip*), October, p. 219

## S

schizophrenia, family factors and (*ed*), August, p. 92  
 sclerotherapy for esophageal varices (*tip*), October, p. 220  
 seizures  
 —in adolescents (*tip*), September, p. 206  
 —television-induced, in alcoholics (*tip*), August, p. 209  
 sepsis, neonatal, \*August, p. 129  
 sexual abuse of children (*ed*), December, p. 94  
 sexual behavior, changes in, may indicate brain injury (*med*), July, p. 184  
 short stature, evaluation of (*tip*), November, p. 212  
 shunt procedures, CSF, infection after (*tip*), July, p. 200  
 'sick building syndrome,' office workers may suffer from (*med*), October, p. 216  
 sickle cell trait, genetic counseling for (*tip*), November, p. 248  
 side effects, suggesting potential, may produce symptoms (*med*), November, p. 208  
 SIDS, CSF endorphin levels may identify risk of (*med*), July, p. 184  
 sigmoidoscopy, fiberoptic, detection of colorectal cancer by (*tip*), September, p. 212  
 sinusitis  
 —diagnosis and treatment of, \*December, p. 101  
 —recurrent, endoscopy and CT are useful in diagnosing (*news*), November, p. 264  
 skin elastic fibers, altered, in patients with myxedema (*tip*), October, p. 242  
 sleep apnea, obstructive, asymptomatic snorers may also suffer from (*news*), December, p. 204  
 sleep apnea syndrome, \*September, p. 149  
 smell, age-related changes in (*tip*), September, p. 221  
 smoking  
 —causes suppression of natural killer cells in lungs (*med*), July, p. 183  
 —cigarette, as a cause of hyponatremia (*tip*), August, p. 216  
 —passive, and respiratory illness (*tip*), November, p. 245  
 smoking withdrawal and clonidine (*tip*), August, p. 186  
 snorers, asymptomatic, may also suffer from obstructive sleep apnea (*news*), December, p. 204  
 snoring, heavy, is associated with cognitive dysfunction (*med*), July, p. 183  
 speech rehabilitation procedure (*tip*), October, p. 254  
 spherocytosis patients, investigators identify protein deficiency in (*news*), September, p. 236  
 spine trauma  
 —lower cervical, \*August, p. 137  
 —upper cervical, \*July, p. 113  
 splenosis, thoracic (*tip*), October, p. 256  
 stature, short, evaluation of (*tip*), November, p. 212  
 steroids, anabolic, use of, by athletes, \*October, p. 208

stomatitis, aphthous, recurrent, \*August, p. 99  
 streptokinase infusion, complications of (*tip*), December, p. 189  
 stroke, rehabilitation after (*tip*), December, p. 178  
 syncope  
 —in adolescents, \*November, p. 117  
 —micturition (*tip*), October, p. 238  
 syphilis treatment, response to (*tip*), November, p. 246  
 systemic lupus erythematosus induced by quinidine (*tip*), November, p. 234

## T

tanning, indoor, harmful effects of, \*September, p. 142  
 television-induced seizures in alcoholics (*tip*), August, p. 209  
 television's impact on children (*tip*), September, p. 210  
 terbutaline, aerosolized, may be superior to isoproterenol (*med*), September, p. 196  
 testicular self-examination (*ed*), November, p. 100  
 theophylline  
 —once-daily, appears safe in children (*med*), December, p. 172  
 —rational use of (*tip*), October, p. 246  
 therapeutic preferences, patients' (*tip*), August, p. 200  
 thigh pain, anterior, in bacteremia (*tip*), December, p. 196  
 thoracic splenosis (*tip*), October, p. 256  
 thromboembolic disease, \*December, p. 154  
 thyroid angiography, radionuclide (*tip*), August, p. 185  
 thyroid nodules, differentiation of lipomas from (*tip*), November, p. 220  
 thyrotoxic women, galactorrhea in (*tip*), August, p. 203  
 torulopsis in urine cultures, significance of, is evaluated (*med*), September, p. 196

toxic shock syndrome, corticosteroids in treatment of (*tip*), August, p. 220

tracheal bronchus (*tip*), December, p. 178

transplantation

- kidney, efficacy of cyclosporin in (*tip*), August, p. 202
- renal, gastrointestinal bleeding after (*tip*), August, p. 214

transthoracic needle biopsy of the lung (*tip*), August, p. 206

trauma

- lower cervical spine, \*August, p. 137
- upper cervical spine, \*July, p. 113

traveler, international, health advice for, \*December, p. 165

traveler's diarrhea (*ed*), November, p. 100

tularemia, rhabdomyolysis as a complication of (*tip*), October, p. 219

typewriter correction fluid, death caused by inhalation of (*tip*), November, p. 211

**u**

ulcer lesions, peptic, NSAID use may result in development of (*news*), October, p. 275

ulcerative colitis and sensorineural hearing loss (*tip*), September, p. 221

ultrasound imaging of the carotid artery (*tip*), October, p. 232

urinary albumin in kidney donors (*tip*), November, p. 245

urinary incontinence in the elderly, \*November, p. 182

urinary tract infection, diaphragm use and (*tip*), December, p. 190

urokinase for pulmonary emboli (*tip*), July, p. 208

urticaria, alcohol-induced (*tip*), December, p. 180

**V**

vaginal delivery after cesarean section (*ed*), September, p. 90

vaginal problems, office laboratory panel to assess, \*September, p. 113

variceal bleeding, digoxin may be useful in treatment of (*med*), December, p. 172

varicella vaccine, clinical trials of, show safety and efficacy (*news*), December, p. 202

verapamil

- is useful in hypertension management (*med*), September, p. 193
- shows promise as antihypertensive agent (*med*), August, p. 177

vomiting before chemotherapy (*tip*), December, p. 201

von Willebrand's disease, desmopressin is useful in hemophilia and (*med*), October, p. 215

**W**

weather, asthma and (*tip*), December, p. 198

weight reduction and more fish oils in diet, nutrition expert advises (*news*), November, p. 264

wheezing can have myriad of causes (*med*), October, p. 216

whole gut irrigation, preoperative bowel preparation with (*tip*), December, p. 191

withdrawal

- cocaine, infertility drug shows promise as treatment for (*news*), August, p. 232
- propoxyphene dependence and, \*September, p. 105
- smoking, and clonidine (*tip*), August, p. 186

**X**

**y**

yogurt is beneficial in lactose-intolerant patients (*med*), December, p. 173

**Z**

zoonoses (*tip*), August, p. 216
